

## Focus on tiger conservation at Arvind Gupta DAV Public

**GLOBAL TIGER DAY** Students and helping staff are informed about conservation efforts

• Students participated in several events to raise awareness about the plight of India's national animal, which is necessary for the ecosystem

### HT Correspondent

**NEW DELHI:** Arvind Gupta DAV Public School, Model Town, celebrated Tiger Day on its premises to make students aware of the importance of wildlife.

International Tiger Day or Global Tiger Day is celebrated every year to raise awareness about tiger conservation. The tiger is the largest animal in the category of cats with beautiful orange and black stripes on its body and face. The goal of the day is to promote a global system for

protecting the natural habitats of tigers and to raise public awareness and support for tiger conservation issues. Many factors have caused their numbers to fall, including habitat loss, climate change, hunting and poaching and Tiger Day aims to protect and expand their habitats and raise awareness about the need for conservation.

This year the school not only acquainted the students with conservation efforts but also took the responsibility to spread awareness among the helping

staff of the school. Principal Mala Sood, supervisory head Sonu Sahni and the teachers took the initiative to inform the helping staff about tiger conservation. Fun-filled activities were organised for the helping staff. They were invited to the school stage and asked to solve a puzzle of tiger pictures and arrange puzzle pieces in series. The helping staff realised the need for tiger conservation. Everyone appreciated the event as they did something different from their daily routine.

The students also participated in several events to raise awareness about the plight of India's national animal, which would benefit the human race as well. Students made paper bag tiger puppets. They were enthralled to see their national animal on bags. They roared like tigers while doing the activity. It was a fun-filled learning activity. The teachers concluded the day with a discussion on importance of environment and tiger conservation and need to raise awareness.
