Arvind Gupta DAV Centenary Public School, Model Town, celebrated Cartoon Day as cartoons are an essential part of every childhood and the most entertaining aspect in every child's life.

Cartoons help kids to learn about the world around them, about new emotions and other important things. Cartoons have also been used as a teaching aid. They make learning easy. The cartoon images seen by children leave an impression on their minds. They tend to remember what they saw in the form of cartoons, or what actions were performed by the cartoons. It can be said that in search for entertain-

ment the first entity which educates them are cartoons.

The children dressed up as their favourite cartoon characters. Excitement could be seen on their faces when they entered the school. They discussed their favourite cartoon character. A beautiful and lively setup was made with a display of cartoon characters which delighted the children. They spoke a few lines on their favourite cartoon.

Principal Mala Sood and supervisory head Sonu Sahni encouraged the little superstars. Primary wing teachers showed videos of Chota Bheem and Little Singham to students. At the end, the children promised to come back again in the character of their favourite cartoon.
