

ARVIND GUPTA DAV CENTENARY PUBLIC SCHOOL LAUNCHES CLEANLINESS DRIVE

The nursery department of Arvind Gupta DAV Centenary Public School, North-Ex Model Town, conducted a cleanliness drive on its premises. The idea behind it was that cleanliness is a good habit which everyone should have. It should be the foremost responsibility of everyone. The aim was to acquaint the students with the importance of clean and green surroundings so that they can protect their surroundings.

Nursery supervisor Sonu Sahni planned the day in such a way so as to expose the students to a variety of activities developing different skills in them. The day started with a drive where students had a school round with different placards in their hands with slogans such as Clean City Green City, Save Environment for Future. Later a few Cleanliness Brigadiers along with their class teachers of pre-primary visited senior classes and judged the classrooms on different parameters such as clean floors, fans, windows and dustbin. The little ones were excited while visiting the different classrooms of the school. Principal Mala Sood appreciated the efforts made by the children. The drive was inspiring and motivating for the staff and students.
